

Distributed retail

About us

We provide facility management services, project delivery services, energy and sustainability solutions, asset management, critical environments, real estate services and integrated trades services.

Our talented team of over 2,500 people operates across Australia and New Zealand.

Our clients are from a diverse range of sectors, including defence, justice, government, education, healthcare, utilities, finance, telecommunications, property, resources, oil & gas and sport & leisure. We manage over 100,000 client locations, totalling more than 570 million square metres in a portfolio of corporate offices, retail, universities, schools, hospitals, housing, venues & stadiums, institutions, bases, remote townships, warehouses, industrial assets and data centres.

Enhance your retail operations

Take advantage of BGIS' experience in providing technical services to distributed retail locations that result in cost savings, reduced timelines and improved quality of services. As a trusted service partner our in-house experts will take care of your requests without risk to your operations.

You'll have 24/7/365 access to multi-trade technicians who provide multiple services – all during a single visit to your location. By using mobile tools, our technicians efficiently collect asset data, which helps make the best decisions for investments needed, now and in the future.

BGIS delivers specialist services as:
